Mrs Will McClure
211 N. Hawthorne St.
Chattanooga Tenn.

Dear Mrs McClure:

I am in receipt of your letter, asking about the possibility of The Eagles and The Choo-Choos arranging some games together during spring training.

Mr Manley has just returned to the city from Florida where he went to arrange for a training site. He has arranged to train in Jacksonville Fla. and the team will open camp April 1st. This is as far as plans have progressed up to now. We definitely plan to play as many games as possible while in training, but will have to build our week days around our Sundays as you know. As soon as we know what we have arranged for Sundays I will write you about anything I think we can arrange.

What days would it be possible to play in your city? I am afraid you will be a little out of our way, but if we come to Atlanta on our trip we may be able to stop by your city. What guarantee would you give us? What terms would you offer?

Thank you for writing me. I will be looking to hear from you. Wishing you the best of luck this season.

Very Truly Yours
